

## CONSPIRACY IS CHARGED AGAINST 3 IN SMALL PROBE

Three Indicted by  
Grand Jury—One is  
Former Small Juror

(By The Associated Press)  
WAUKEGAN, Ill., April 2.—The Lake county grand jury investigating attempts to bribe jurors and veniremen during the trial and acquittal of Governor Len Small here last summer of charges of conspiracy, today returned indictments against three men charging conspiracy.

One of those indicted was John B. Fields, of Antioch, Ill., a juror in the Small trial and who was named a deputy state game warden after the governor's trial. Eddie Courtney and Eddie Kaufman of Chicago, who were alleged to have attempted to "fix" jurors were the others indicted.

Each of the true bills contained fourteen counts in which the details of the charge of influencing the jury by payment of bribes were set forth.

Following return of the indictments the grand jury adjourned until April 21, to give the authorities more time to hunt for "Umbrella" Mike Boyle, Chicago labor leader and Ben Newmark, Chicago detective who are wanted as witnesses and have thus far evaded process servers.

Reports that a true bill had been returned against William B. Riley, former Antioch saloonkeeper, who was reported to have confessed that he gave Fields \$350 to vote to acquit Governor Small were denied tonight by State's Attorney A. V. Smith, who presented the evidence to the grand jury.

The jury started its investigation a week ago after the state's attorney had spent several weeks hunting evidence.

The fourteen counts against the three men include seven statutory and seven common law charges. The first count accused Fields of disqualifying himself for jury service by promising to vote for acquittal, of failing to inform the court about his bias and of becoming a member of the jury by means of false answers to questions by the court and counsel.

The second count charges that Kaufman and Courtney aided by Riley, corrupted Fields with money and the promise of a state job while the third count alleges a conspiracy to have Fields sworn as a juror to bring about a verdict for Governor Small and the fourth and fifth counts accuse the men of conspiracy to obtain a verdict for the defense.

The sixth and seventh counts allege a conspiracy to influence other veniremen and the eighth declares that the accused men conspired to deceive the court about Fields while the ninth and tenth are based on the allegation that a state job was promised Fields as a bribe. The other counts repeat previous charges with slight variations as a guard against technical objections.

The grand jury in its investigation questioned Leslie Small, son of the governor; Riley, who is said to be the state's principal witness, Elmer Green, former sheriff of Lake county and now state superintendent of prisons as well as a number of veniremen. The jury was also reported to have delved into reports of irregularities committed by the state in its handling of the prosecution against the governor.

The investigation came nearly nine months after Governor Small's trial at Waukegan on charges of conspiring to defraud the state of interest on state funds while he was serving as state treasurer. He was indicted at Springfield but obtained a change of venue to Lake county where he was acquitted after a trial lasting several weeks.

**PRESIDENT OF CHURCH  
FEDERATION RESIGNS**  
Chicago, April 2.—The Rev. Agnew Johnson, president of the Chicago Church Federation tendered his resignation effective June 1, at a federation meeting today to assume the pastorate of the Emanuel Presbyterian church of Milwaukee. The committee on political activities of the federation endorsed the state bill to make venereal infection legal grounds for divorce and the council adopted a resolution calling on the Chicago Law and Order league to go after the individual judges who issue illegal injunctions allowing boxing and prize fighting, thus nullifying the laws of the state.

**SCULLEN FORFEITS  
TO PATTERSON TEAM**  
New York, April 2.—Unable to put forward a capable team for a play-off game next Saturday with Patterson, N. J., football club the Scullen Football club of St. Louis today forfeited its claim to the national soccer championship and gave up the trophy that had been in its possession for a year. The two teams played to a draw at Harrison, N. J., last Sunday.

Four of the Scullen team are baseball players and have left to join clubs which they were under contract it was explained.

## COURT OVERRULES MOTION TO QUASH LIQUOR INDICTMENT

Declares Officers have Right  
to Search Autos for  
Liquor

(By The Associated Press)

COVINGTON, Ky., April 2.—Judge M. J. Cochran of the United States district court of Northern Kentucky today overruled a motion to quash an indictment in a liquor case here where an automobile is alleged to have been searched by prohibition agents for liquor. The ruling of Judge Cochran which disagrees with the recent ruling of Federal Judge Walter E. Evans of Louisville, who dismissed charges against defendants whose automobiles were searched by officers who did not possess warrants said that officers had a right to search automobiles where there was reasonable belief that the law was being violated.

Judge Cochran declared that officers had a right to search automobiles in which they believed liquor robbers or other law violators were escaping and he contended there should be no distinction in the case of liquor law violators.

It was explained by United States District Attorney Sawyer Smith that the dissenting opinion of Judge Cochran would not affect the status of similar cases in other federal districts in Kentucky.

He pointed out that federal judges were on equal planes and that they had jurisdiction only over their respective districts. He said the ruling of Judge Evans could not be applied to cases in the northern district of Kentucky unless so decreed by the presiding judge in this district.

Mr. Smith said that he would continue to prosecute liquor cases as he had in the past.

## PRIZE FIGHTER IS SHOT AND KILLED

(By The Associated Press)

MEMPHIS, Tenn., April 2.—Jack Britton, a Memphis boxer was shot and instantly killed today near White Station, a Memphis suburb. George Jones, charged with the shooting, surrendered. Britton, a middleweight was about 25 years old. He recently appeared in bouts in Atlanta, New Orleans and Hot Springs.

According to statements credited to Jones and a young woman of the Jones family, Britton is alleged to have attempted to force the girl to accept his attentions, one time at the point of a pistol and had been warned to remain away from the Jones home. When he appeared there today Jones is said to have opened fire with a shot gun, the charge of shot striking Britton in the face and side.

## RED CROSS WILL TERMINATE ITS WORK IN GREECE

Secretary Hughes So  
Notifies Several  
Governments

(By The Associated Press)

WASHINGTON, April 2.—Secretary Hughes has informed the British, French, Italian and Greek governments in identical notes handed their representatives in Washington that the American Red Cross will terminate its emergency relief work in Greece on June 30 next.

The note declared that solution of the relief problem in the Near East can hardly be in measures of temporary relief alone, and suggested a co-operative agreement between the nations interested which would make it possible for the thousands of refugees to be absorbed as promptly as possible into the normal economic life of the country where they find themselves.

In the event the British, French and Italian governments are disposed to concur in a co-operative endeavor Mr. Hughes, the Washington government will welcome an early exchange of views. He said that "if a constructive plan" could be agreed upon and the relief task apportioned, "American relief agencies will be ready to co-operate," even after the termination of the emergency relief work of the American Red Cross in June.

## REPUBLICANS AND DEMOCRATS BOTH CLAIM VICTORY

Party Organizations Unable  
to Arouse Much Ex-  
citement

(By The Associated Press)

CHICAGO, April 2.—With everything finished but the voting, Republican and Democrat campaign organizations tonight made claims of victory in tomorrow's election with reckless abandon.

The confidence of each side, however, was apparently unable to arouse the voters from the apathetic attitude that has characterized the entire campaign and the usual night before election excitement was manifest tonight in only mild form.

Arthur C. Lueder, former postmaster and Republican standard bearer, and Judge William L. Dever, Democratic candidate, confined their campaigning to "the loop" today where each made several addresses.

Withdrawal of Mayor William Hale Thompson, for eight years mayor of Chicago, from the race before the primary, robbed the campaign of what was to have been one of its main issues and has allowed it to be decided along party lines to a more or less extent instead of being decided on the merits of Mayor Thompson's administration.

In the second congressional district a successor to the late Representative James R. Mann will be elected. State Senator Morton D. Hull being the Republican nominee and Barratt O'Hara, former lieutenant governor, the Democrat.

**JURY CUTS DOWN  
WAR BRIDE'S DAMAGES**  
Chicago, April 2.—Mrs. Ida Clodell Smith, French war bride, who considered \$7,500 damages awarded her by a jury several months ago for alienation of her husband's affections too small, today was granted a new trial. The action was awarded \$4,500 damages by another jury. The action was for \$50,000 against Mrs. Dora Morton, Princeton, Ill., her mother-in-law, and Mrs. Helen Nelson of Oak Park, Ill., her sister-in-law. The plaintiff was married to Smith when she was a member of the American expeditionary force. His family, she alleged, was ashamed of her and attempted to wreck their romance.

**FINAL ARGUMENTS  
IN FOSTER TRIAL TODAY**  
St. Joseph, Mich., April 2.—(By The A. P.)—Final arguments in the trial of William Z. Foster, charged with the violation of the Michigan law against criminal syndicalism, will be made in the Berrien county circuit court tomorrow. The case is expected to go to the jury before night.

Foster is the first of 32 persons arrested for attending a communist convention in the dunes near here last August, to face trial.

**OFFER INCREASE  
12 1/2 PER CENT**  
Fall River, Mass., April 2.—The Fall River Cotton Manufacturers' association today offered a wage advance of 12 1/2 per cent to the textile council to meet the demands of a 15 per cent advance made by them.

## Lord Robert Cecil Makes First Address

(By The Associated Press)

NEW YORK, April 2.—Fear and suspicion twin demons which have possessed the world and which can be exercised only by some form of an association of nations are the forces that stand between France and Germany in the settlement of the reparations question as they stand in the way of settlement of every other international question, Lord Robert Cecil, noted British exponent of the league of nations declared in an address before the Foreign Policy association tonight.

Addressing his first American audience, Lord Robert who has come to the United States for a series of speeches on behalf of the league declared it was essential for world safety to turn the minds of nations from force as the only remedy. "Take the question of reparations," he said, "what is it that makes this question so intractable? It is that though the French are anxious for the Germans to pay they are also anxious lest if they are allowed to get on their feet sufficiently to pay they will become again a danger to the security of France. Do not think I am attacking the French on that account. No one who has read the history of these countries even curiously will say the fears of France are unreasonable—or for the matter of that, the fears of Germany either."

There is a long history about the reparations question of the present day. And if we are to bring some remedy to this state of things, the first thing we have to do is to allay international fear and suspicion. We have to get a new spirit among the nations of the world. We have got to turn their minds from force as the only remedy. We have got to teach them that persuasion, public opinion are far greater potency than mere physical compulsion.

"Warning that the next war if one came would be far more terrible because of new scientific discoveries than the world war and that it was not inconceivable that American cities might be laid waste and their populations destroyed by airmen flying from over the sea, Lord Robert declared that in a world history had been reached—that nations must 'learn or perish.'"

Rockwell, City, Iowa, April 2.—Miss Mary Frase, former secretary of the Des Moines City Park department, has started serving her sentence of from 1 to 7 years in the woman's reformatory here, yesterday. Miss Frase was convicted of defrauding the city of approximately \$25,000. Late Saturday afternoon her attorneys withdrew their appeal to the supreme court.

Bloomington, April 2.—William Springhorn, of Normal, aged 82, died Saturday night at a local hospital of burns received during the morning when his clothes caught fire from a small brush fire that he was tending at his home. He is survived by three children.

Sterling, Ill., April 2.—As he was alighting from a street car here last evening, George Hall, commander of the Sterling G. A. R., was struck by an unidentified automobile and sustained injuries which will probably prove fatal, both arms being broken and his skull fractured. The driver of the car did not stop and his number was not obtained.

Danville, Ill., April 2.—Fire starting on the roof of the armory building in Ridge Farm, near here Sunday, destroyed an entire block and left eight business firms homeless. The damage is estimated at \$50,000.

Bloomington, Ill., April 2.—Milton J. Ohmit for many years a resident of Chenoa was found dead yesterday afternoon on a country road near the county line. It is believed that heart trouble was the cause. An unusual coincidence is noted in Mr. Ohmit's death. A few hours before he died, he received word of the death of his brother-in-law, Fred Munnell which occurred at Mt. Vernon. He is survived by his widow.

**BRITISH STEAMER  
CITY OF VICTORIA  
REPORTED AFIRE**  
Radio Message Brings  
News of Vessel's  
Plight  
(By The Associated Press)  
BOSTON, April 2.—The British Steamer City of Victoria is on fire in Mid-Atlantic, according to messages from the vessel intercepted here tonight. The position of the steamer was given as 38.50 west longitude and latitude 50.10.

The City of Victoria was said to be steaming at full speed towards the Azores. She is a vessel of 3,530 tons.

Thousands of radio fans who were listening in on an opera broadcast by a station in Boston were disappointed when the concert was abruptly discontinued. "All distress messages from the burning vessel were copied. The opera was resumed, however, after an interruption of 15 minutes."

**SAYS SEALS HAVE NOT  
BEEN TAMPERED WITH**  
Chicago, April 2.—After investigating reports that government seals placed on the Garden City brewery last Saturday had been broken and a large quantity of liquor removed, prohibition agents from the office of A. R. Harris, divisional chief held agent announced tonight that the seals had not been tampered with.

According to Roscoe C. Andrews, federal prohibition agent for Illinois, under whose direction the raid was organized last Saturday which resulted in sealing the brewery, the brewery was unoccupied today by prohibition officials here from underground channels.

## TORNADO WRECKS TOWN IN KANSAS LATE YESTERDAY

Two Injured—Prop-  
erty Loss Estimated  
at \$50,000

(By The Associated Press)

PARTRIDGE, Kans., April 2.—Two men were injured and a property damage of more than \$50,000 resulted from a tornado which struck this village at 5:30 o'clock this evening. Orville Westbrock, 120 received serious injuries while John Klitch, 17, was bruised.

Many persons reported miraculous escapes.

The Fowler Mercantile Store, the Tharp Hardware Store, an old livery stable and a barber shop were wrecked, a blacksmith shop and several residences were carried away by the wind.

Partridge was without electric lights and telephone service tonight because of the storm. Several persons escaped injury when they fled from the hardware store at the approach of the tornado.

A heavy rain and hail storm followed the tornado.

## TWO MEN VICTIMS OF ELECTROCUTION IN OKLAHOMA CITY

Fellow Linemen Laugh  
Thinking Men Were  
Cutting Up

(By The Associated Press)

OKLAHOMA CITY, Okla., April 2.—While Troy Hocker and Hugh Simpson, linemen for the Oklahoma Gas & Electric company cut and spliced wires atop a pole here late today they exchanged good natured banter giving no thought to the time. A few more twists, a little tape here and there and the day would be over. At the same time the hands on the clock down at the power house crept toward 4:57.

Hocker and Simpson worked on. The engineer at the power house glanced at the clock. It was 4:57, time to throw the circuit into the air light circuits. Deliberately he pulled down the switch that sends 2,200 volts coursing thru the power circuit every evening to light the city.

The banter ceased out on the pole. The bodies of Hocker and Simpson grew rigid, straining at the safety belts that held them to the pole.

Those down below laughed. Hocker and Simpson were performing some new antics. Then smoke was seen to issue from Hocker's shoes. The linemen down below knew that they were witnessing a tragedy. Down at the power house the engineer looked over his instruments. The amperage was fluctuating and the engineer knew that something was wrong.

He threw off the power. The bodies of Hocker and Simpson slumped down, swaying in the belts. Hocker was dead when he was brought to the ground. Simpson was badly burned. Doctors say he will die.

Company officials say it is a rule that all linemen must quit work at 4:50 o'clock or seven minutes before the power is thrown into the air light circuits.

**PERFECT NEW  
COLLEGE ASSOCIATION**  
Chicago, April 2.—The organization of the Western Interstate Collegiate Athletic association was perfected here today with the election of Robert J. Nohr of Lacrosse Normal, as president.

The schools in the association include, Dubuque College, Valparaiso University, Lacrosse Normal, DePaul University, St. Victor's College, Luther College, Decatur, Iowa and Western State Normal of Kalamazoo, Mich.

The commission form of control was adopted and it was announced that a chairman for the body had been selected but his name will not be announced for several weeks. Football and baseball schedules were adopted and it was decided to hold a conference track meet, May 26.

## SHARP NOTE IS SENT TO POLAND BY THE SOVIETS

Characterizes Polish Note  
As An Unfriendly  
Act

(By The Associated Press)

MOSCOW, April 2.—The Russian government tonight sent a sharp note for transmission to the Polish government characterizing Poland's attempted interference with Russian justice, an unfriendly act. As far as could be ascertained tonight Vice General Butchkevitch has not been executed up to this afternoon.

A dispatch from Warsaw last Tuesday said when Premier Sikorski learned that Archbishop Zepilak, Vicar General Butchkevitch and the other priests had been found guilty by the Moscow court he sent for Leonide Obolenski, the soviet minister to Poland and informed him that the Polish government and population observed with anxiety the attitude of the soviet government toward the Catholic church and the Polish minority in Russia. He added that representatives of the Russian government had assured the Polish minister in Moscow, that the trial of the priests was entirely a formality and without importance but that the sentence of death had been pronounced upon two of the convicted men.

"Acting not only as the head of the Polish government, but as the spokesman of the civilized world which indignantly condemns this unprecedented act of flagrant violation of liberty of conscience and the elementary rights of citizens," the premier added, "I direct the soviet's attention to the responsibility it would assume by the execution of the sentences."

The premier asked M. Obolenski to immediately convey his declaration to the soviet government.

## NO SURPLUS WHEAT FOR EXPORT IN U. S.

(By The Associated Press)

ST. PAUL, April 2.—Reduction of the wheat crop of the United States 25 per cent so that there will be no surplus for export was advocated as the local means to agricultural prosperity by John R. Mitchell, St. Paul, member of the federal reserve board at an open forum luncheon of the St. Paul association today. Wheat should bring the farmer \$1.50 to \$2.00 a bushel, Mr. Mitchell said. These prices cannot be obtained, he declared, as long as an export surplus is produced which competes with wheat from Canada, Argentina, Australia and other countries, where land and labor are far cheaper than in the United States.

Diversified crops should replace the surplus wheat acreage he stated.

**TO COURT MARTIAL  
KRUPP DIRECTORS**  
Essen, April 2.—The four directors of the Krupp plant, who the French hold responsible for Saturday's clash between German workmen and the troops, will be courtmartialed next week at Bredey.

## MEMBERSHIP IN COURT WOULD BE EXCELLENT ISSUE

Butler Believes Re-  
publicans Can Win  
With It

(By The Associated Press)

AUGUSTA, Ga., April 2.—The prospect that the United States accept membership on the international court of justice was recommended as the issue the Republican party can safely take before the country, by Dr. Nicholas Murray Butler, president of Columbia University and long prominent in Republican councils at a conference here tonight with President Harding.

Dr. Butler played golf with the president today and was a guest of the chief executive tonight at a dinner after which they had a quiet extended conference in which the two discussed from various angles the international court membership proposals as recommended by Mr. Harding in a message to the senate shortly before the adjournment of congress last month.

"As an issue the world court is excellent," said Dr. Butler in a statement made just before seeing the president. "It is an established Republican doctrine. It has been a tradition of the party since 1900."

"In 1890 he went to The Hague in the hope and expectation of an international world court. Our delegates were instructed by John Hay, then secretary of state to propose an international court and in a very dramatic way they carried it thru. That brought into existence the international court of arbitration but it was not a real court. Since then the Democratic party thru its ablest leaders has sincerely sought and worked for the establishment of a real court of international justice."

"The international court as it is now established may be and is the instrument for this accomplishment for which every Republican president since the days of William McKinley has stood."

Dr. Butler said he regarded as illogical the argument of the senate irreconcilables as disclosed in a preliminary way after Mr. Harding made his proposal, to the effect that that membership in the international court would involve the United States in the league of nations.

"Our acceptance of the court is no more going into the league of nations than it is joining the holy Roman empire," he asserted.

## KU KLUX KLAN GIVES STEPHENS ENDORSEMENT

(By The Associated Press)

EAST ST. LOUIS, Ill., April 2.—Sixty precinct workers of the K. K. K. held an executive meeting here this afternoon and endorsed the candidacy of M. M. Stephens, incumbent for mayor, in tomorrow's municipal election, in spite of a repudiation of the Klan by Stephens, according to the St. Louis Globe Democrat.

Mayor Stephens when advised of the reported action taken by the Klan said:

"I don't know anything about the whole thing."

"I suppose that I have enemies in the Klan, but personally I know nothing about the Klan."

The election campaign, said to be one of the hottest in the history of the city, owing to the alleged activities of the Klan, closed tonight. A mayor and four city commissioners are to be elected tomorrow. Three of the eight candidates for commissioner, Ralph Cook, August M. Egmann and William B. Evans, have been endorsed by the Klan.

According to the St. Louis Post Dispatch, Cook and Egmann have denied they solicited the endorsement.

## YOUR ANCESTORS

NEA

The men who make a business of tracing family trees (genealogists) report that they are in work to their ears. The war started an epidemic of interest in ancestors, especially among new millionaires. The same curiosity is found to be greatly stimulated among what the bromide orators call "the rank and file of the people."

A very good thing, to know where we originally came from through scientists claim that all of us—if we trace back far enough—will find ancestors who'd be kept in the zoo today.

Americans seem to have an aversion to pedigrees of people, though intensely interested in the lineage of livestock, dogs, cats, race horses and machinery.

This is natural, since our national attitude is that what really counts is what you are today, not what you were yesterday or your ancestors in the past. A man stands on his own legs, not some one else's, in democracy.

However, each of us is the result of a long stream of generations of toiling people whose foremost motive was to produce a child better in character and more successful than his parents.

We owe it to our toiling ancestors to give them at least passing curiosity.

Intensely interesting is tracing back your family tree. Nothing beats it as an enjoyable diversion. If you want to start, the local library can tell you how to go about it. Try to find out something about the man and woman of several centuries ago, from

whom you are descended. In most cases, it's difficult work.

In tracing your family tree, you'll run into surprises. And most people will find family skeletons that they will not care to circulate. For instance, many of the early settlers of America were fugitives from European courts, though some of their descendants claim blue blood.

A friend of ours stopped his researches when he traced himself back to a man who was recorded by pen and ink in these words:

"May 15, 1652—Resolved, by the Amsterdam, Holland, chamber of the West India Company, that Adrian J. — pilot of the ship, the Court of Glee, be not molested for having accidentally shot his captain in 1649."

Adrian's blood, by the way, flows today in several of the leading society families of New York City.

The early records of Americans are rapidly disappearing, buried by time like everything else. If you want to leave a family tree for your descendants, better get busy.

(Play sports from all over North America send in their newest ideas to THE FUN MAKER. Regular readers of THE FUN MAKER will learn about all sorts of games and stunts just as soon as they are invented.)

You can go the boy in "Mother Goose" who went fishing in a pail of water one better by going fishing in your own backyard. Invite three or more of your friends over and try "The Net," a new fish game.

First of all, you must count out to see who is to be the fish. Next, decide on your boundary lines, which form the shore for your "lake." If

your backyard is an average size, it will do very well for the imaginary body of water, and the fish must on no account get outside of the boundaries.

## Join Hands for Net

Now that the fish has been picked out, the rest of the crowd join hands and form the net. This net is not closed to begin with, but is a straight line. The players forming the net keep hold and run for the fish, trying to get him in such a position that they can form a complete circle around him.

The slippery fish may run, dodge, and try to slide between the players

to keep the net from closing on him. He cannot, however, place his back against a wall, but must remain always in the open. Once the two ends of the net have joined hands so that the fish is inside the circle, he cannot escape, but is counted caught.

Instead of being fried, however, the fish becomes part of the net, choosing some one to take his place, and the fishing starts again.

(Next week The Fun Maker will tell how to put on a stilt contest.)

BOARD OF EDUCATION  
APPOINTED TEACHERS

B. F. Shafer Unanimously Chosen as Superintendent—But Few Changes Were Made in Personnel.

At an extended session Monday evening the Board of Education made the appointments of teachers, principals and supervisors in the high school and grade schools of the city, for the school term of 1922-23. Supt. B. F. Shafer was unanimously reappointed for the coming term. There were few changes in the teaching force. Increase in salaries were granted according to the schedule adopted two years ago, and in fixing teachers' salaries the board kept within the budget of \$103,265.

The following teachers did not make application to return: Genevieve Bowen and Ursula Fawcett of the David Prince staff; and Norma Abrams Schinkel and Ruth Logsdon. The following new teachers were appointed: Miss Mary Hall to teach domestic science and art in the David Prince. She is a college graduate with special preparation for her department.

Miss Gladys Newenham, who has considerable normal school training, and has been teaching in the Pittsfield schools.

Miss Faith Shelton, who has two years' successful teaching experience and considerable normal school training.

Miss Josephine McGibony, who has had two years' of college work and extended study at normal school.

The Board of Education decided to purchase about fifty lockers for the dressing rooms at the David Prince, as the lockers now in use are in bad condition and will not lock. Modern lockers are to be installed, for the use of the athletes, and the sum of \$200 was appropriated for this purpose.

Supt. Shafer presented an extended report on possibilities for a building program in the city schools, and the board entered into an interesting discussion of the same. The superintendent presented the following report for the month of March:

## DOKAYS CEREMONIAL

## WAT GREAT SUCCESS

Twenty Tyros Journeyed Across The Burning Sands—Large Number Present.

Iderim Temple's spring ceremonial held in castle hall Monday evening was one of the best in the history of the order. Prior to the ceremonial work the members gathered at the hall at 6 o'clock and enjoyed a splendid banquet. This feature was under the direction of Glenn Cannon and many compliments were given him for the excellence of the feed.

Twenty-four tyros journeyed across the burning sands. It was a strenuous journey, but at the end they found an oasis where there were rest and refreshments in plenty. Many of the tyros grew faint at times but were soon revived and all finally completed the trip.

Hugh Green served as Royal Vizier and gave the candidates lots of valuable advice during the journey. W. E. Spoonst was in charge of the Eighth Order and he made it fast and snappy. Reinhardt's brigands gave a fine drill that added greatly to the success of the evening.

The spring ceremonial was largely attended. Roodhouse and Beardstown being well represented. The event was enjoyed by all, even the tyros, and already there is talk of another ceremonial in May.

Magnesium is never found in the free state.

## HADDEN FUNERAL

## HELD AT EBENEZER

Large Company of Friends Honored Memory of Long Time Resident of Community

A very large company assembled at Ebenezer church Sunday morning to attend the funeral of the late John Hadden, one of the well known residents of that community. The services were conducted by Rev. J. O. Kirkpatrick of White Hall, a former pastor, assisted by Rev. F. E. Bracewell.

The remains were conveyed to Diamond Grove cemetery for interment. There were many floral tributes, which were cared for by Misses Bess, Grace and Stella Hadden, Miss Lizzie Groves, Miss Clara Ransom and Harry Hadden. Music was furnished by Miss Cora Graham, Miss Stella Blackburn, Messrs. Thomas Rapp and Charles A. Rowe, with Mrs. F. J. Blackburn at the organ.

The honorary bearers were O. F. Buffe, Herbert Chaffner, Charles S. Black, A. B. McKinney, Frank Masters and Walter Patterson. The active bearers were W. J. Brady, H. C. Clement, George Morris, Charles Martin, Charles L. Reid and Curtis Hoyer.

Rev. Mr. Kirkpatrick gave some general facts about Mr. Hadden's life and then basing his remarks upon intimate acquaintance with the man, spoke of his many admirable characteristics.

Mr. Kirkpatrick spoke in part as follows: "Mr. Hadden who was born near Scarborough, Yorkshire, England, at the time of his death was 74 years old. At the age of 17 he came to this land of promise and as he had friends in Morgan county came here, and located in the Point neighborhood. After spending a short time in America he returned to England but did not remain there long.

"Mr. Hadden was an admirable gentleman and all who knew him could but love him for his sterling integrity and kindness of spirit. He made and kept many friends and they lost their lives with a valued and considerate neighbor.

"In young manhood he learned the value of frugality and gave himself to the service of God and shrouded many years he was a most faithful member of Ebenezer church. In the Sunday school as a teacher his classes will remember him as long as memory sits enthroned.

"The deceased was devoted to his family as well as his church, and so his going has brought great sadness to the family circle, to which he devoted such thought and unselfish care. So in saying farewell to our brother we remember that often he proved that: "He who ascends to mountain tops shall find

Their loftiest peaks most wrapt in clouds of snow. He who surpasses or subdues mankind Must look down on the hate of those below.

Though high above the sun of glory glow, And far beneath the earth and ocean spread, Around him are icy rocks, and loudly blow Contending tempests on his naked head."

## MARRIED IN CHICAGO

A telegram from Chicago yesterday announced the marriage of Miss Ruth Bieher of Davenport, Iowa, at one time a resident of this city, to Paul F. Bowyer, of Chicago. The bride is a daughter of Mrs. Emma Bieher of North Church street and has not been resident in Jacksonville for about five years. Her sister Mrs. Lynn Cassell, is a Chicago resident.

MAKING READY FOR  
PATRIOTIC JUBILEE

June Military Gathering in Jacksonville Will be Widely Advertised—Committee Met Yesterday to Outline Plans

There is an event in store for Jacksonville which promises to be one of the greatest and most significant in its history.

This will be on the occasion of the Patriotic Jubilee to be held here June 14, 15, and 16, when many thousands of visitors from all over the state will be present, including many notables.

The United Spanish War Veterans of Illinois will be encamped here for three days for their annual convention. On the 15th of June will be the dedication ceremonies of the Memorial cottages now being built at the state hospital grounds to house and care for mentally disabled soldiers of the world war.

The dedication will be in charge of the American Legion, assisted by the Veterans of Foreign Wars, Spanish War Veterans, Daughters of the American Revolution, Grand Army of the Republic, Woman's Relief Corps and other patriotic auxiliary organizations.

It is known that Gen. Pershing, Maj. Gen. Henry T. Allen, Col. Owsley and several other well known military officers will be here, and it is hopeful that President Harding will find it possible to be in Jacksonville for at least a few hours as it is known that he is to be in the west at about that time. It also is an assured fact that all of the high state officials will be present to take part in the various activities.

The Spanish War Veterans will be cared for at the School for the Deaf in accordance with the plans of Col. O. C. Smith. The school will be on vacation at the time and permission has been granted Col. Smith by the state officials to use the school grounds and buildings, making possible the assembly of this great body of men here.

## Troops and Bands Here

In addition there will be encamped here during the three days of this Patriotic Jubilee two battalions of state troops, bands from the St. Charles School, Normal Orphans Home, Lincoln Orphans Home, and the Spanish War Veterans bands from Chicago and Peoria.

It readily will be seen that Jacksonville's Patriotic Jubilee will be an event of considerable magnitude and, having interests from all parts of the state, will bring thousands of visitors. It is estimated that there will be not less than thirty-five thousand strangers within our gates on the last day of the Jubilee.

Executive committees from the American Legion and Spanish War Veteran state and local camps have been busy engaged for several weeks upon the plans for the Jubilee and it is expected that the official programs will be out next week.

The local publicity committee consisting of W. A. Fay, chairman; F. E. Wanamaker, E. B. Ridgeway, Clarence Siegfried, Walter DeShara, John Larson and E. A. Olds, yesterday met with Col. O. C. Smith at his office at the School for the Deaf and plans were laid for statewide advertising of the Jubilee. At this meeting Messrs. DeShara and Siegfried were named to get out posters and to attend to outside publicity of this nature in the state; Messrs. Wanamaker and Larson to visit the papers in towns within a radius of one hundred miles of Jacksonville, and Messrs. Ridgeway and Olds to see that papers throughout the state and locally are furnished with stories covering this important occasion.

## MISS ANNIE BOYCE

## CALLED BY DEATH

Woman Who Lived Long Life as Local Resident Dies Sunday at Passavant Hospital—Funeral This Afternoon.

Miss Annie E. Boyce, a life-long resident of Jacksonville and vicinity, died at 10:15 o'clock Sunday morning at Passavant hospital, after a week's illness. She was born November 2, 1840, the daughter of William T. and Margaret Ann Boyce, both of whom, together with two brothers and one sister, preceded her in death.

During the past twenty years, Miss Boyce has made her home in this city, and the remainder of her life was spent in the vicinity of Jacksonville. She is survived by three sisters: Mrs. S. L. Fox, and Mrs. L. B. Trotter, residing east of the city, and Miss Anna Boyce at home.

Funeral services will be held at 2 o'clock this afternoon from the Reynolds chapel, in charge of Rev. T. G. Wetzel. Burial will be in Jacksonville cemetery. Miss Boyce is survived by many relatives in this community, and she enjoyed a wide circle of friends, who will mourn her loss.

KNIGHTS TEMPLAR AT  
ANNUAL EASTER SERVICE

Large Representation of Commandery at Congregational Church—Sermon Delivered by Rev. George Stickney.

A large representation of the membership of Hospitalier Commandery Knights Templar attended the annual Easter service held Sunday afternoon at the Congregational church. About eighty members of the Commandery assembled at the Masonic temple and marched to the church.

There the services were conducted by Rev. George E. Stickney, pastor of the church, and prelate of the commandery, Eminent Sir Knight Julius Gates Strawn.

A feature of the service Mrs. A. R. Gregory sang Shelley's "Resurrection," with Mrs. G. E. Stickney at the organ. The church was appropriately decorated and the service was in every way impressive.

Rev. Mr. Stickney had as his theme "The Endless Life." The minister in a way both logical and earnest considered this question which has been asked by men thru all the ages. He then discussed the ways in which history, science and religion all go to prove that there is life beyond the grave and that existence in this world is but a preparation for beyond.

The question was asked, "Shall a man be cut off from all activity and usefulness when he dies, or does death mean a transition to another land or world, where a man can go on performing the work for which he has been trained in a better way, living in that other world more usefully." It was a sermon which appealed both to reason and conscience.

WHITE HALL WEATHER  
MAN GIVES FIGURES

Average Temperature for March  
Is 2.9 Degrees Below Normal—  
Sun Dogs Are Seen on the 19

White Hall, April 2.—March was a very interesting month from the standpoint of weather variations, as shown in the monthly report of R. B. Pearle, co-operative observer of the weather bureau at White Hall. Calm conditions characterized the introduction and the obsequies of the month. The average temperature was 39.6 degrees, 2.9 degrees lower than normal. The highest reading was 70 on the 2nd and 29th, but this maximum has been exceeded, notably 77 on the 23rd in 1922, 83 on the 15th in 1921, 89 on the 13th in 1918 and 89 on the 23rd in 1910. The lowest reading was 1 above zero on the 19th, which was equaled on the 2nd day of the month in 1913 and the next nearest minimum reading is two above on the 6th in 1890.

The total rainfall was 4.86 inches, 2.39 more than normal, and replenishing the water supplies of this section, including the restoration of wells that have been dry for two and three months. The greatest fall in 24 hours was 1.28 inches on the 12th. There was half an inch of snow on the 16th, but none on the ground on the 15th nor at the close of the month. There was a thunder on the 16th in moderate degree. There were eleven days with precipitation of 0.01 inch or more, fourteen clear, seven partly cloudy and ten cloudy days.

High wind blew over a few shocks of tied fodder and the top of a hay stack on the 2nd, and trees and fire service were damaged on the 12th. Telephone and electric service were again crippled on the 16th. The storm of the 11-12 blew the roof from a railroad stock car at Rockbridge and broke off a semaphore signal at Manchester at the ground, but there was no local interruption to railroad traffic.

Sun dogs appeared at 5 a. m. on the 19th, and at 1:35 a. m. on the 27th a meteor traversed the southern horizon, leaving a long streak of fire behind. It created a brilliant illumination of the southern skies for about a minute from west to east, seen to be the brightest meteoric illumination that has visited White Hall.

Oats pulverizing and garden plowing for potatoes and onions were active during the last week of April, and corn plowing is set for the first week of May.

Peaches do not appear to have been injured. Fruit and crop conditions in general were very favorable at the close of March.

## BAD BREATH

Dr. Edwards' Olive Tablets Get  
at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

INSURANCE RATES  
FOR CITY UNCHANGED

Letter from Inspection Bureau  
Outlines Recommendations for  
Improving Fire Protection Facilities.

With the reports read at the city council last night was one from the Illinois Inspection Bureau with reference to insurance rates and fire protection here. The letter was in language as follows: Honorable E. E. Crabtree, Mayor, Jacksonville, Illinois.

In accordance with the subject of our previous correspondence our engineer visited your city and checked up the present fire fighting facilities. On regrading we find that no change in classification has taken place. We do find, however, that the consumption has been increased while additional pumping facilities and supply mains have not been provided to care of same.

In going over the grading we find that the following recommendations are the most important at this time, and by complying with same sufficient points of deficiency will be removed from the grading to enable the city to the next better grade of protection, namely 6th Class, which is equivalent to our old 3 1/2 Grade.

1. Permanently locate the one million gallon pump now at wells, and provide a substantial housing over same; put a new two million gallon pump in service at main pumping station to replace the above unit.

2. Provide an additional 10" main from the pumping station to State street connecting to the present 9" pipe in State street.

3. Organize the fire department under Civil Service rules.

4. Increase the paid membership of the department to ten men, and provide for an additional ten "Call" members. "Call" members should be drilled with apparatus, paid for services rendered at fires, and fined for non-attendance.

5. Replace the present 200-gallon pumps with 500-gallon pumps.

6. Provide an automobile drawn service truck to carry a full complement of ladders; and if possible, a reserve pumping unit of 500 gallons per minute.

7. Keep the present steam pump in reserve, and in service as at present.

If we can be of any further service to you, or if you desire further information regarding our recommendation kindly do not hesitate to write.

Yours truly,  
RDC:MB  
Publisher.

AUTOMOTIVE MEN  
HELD MEETING

Reports Showed Success of Recent  
Exposition—Hotel Project Endorsed.

The Jacksonville Automotive Dealers association held its regular meeting last night at the Dunlap hotel. Previous to the business session the members enjoyed a sumptuous chicken dinner served in the large dining room of the hotel.

At this meeting final reports were heard from committees in charge of the recent auto show and merchants exposition. The secretary and treasurer's reports showed all bills had been paid and that the association is in good financial condition.

The dealers assembled discussed the proposed new hotel for Jacksonville and the sentiment was unanimously in favor of the project. A roll call showed that all members present had subscribed for stock or intended to do so at once. Several of the members spoke at length regarding the proposition, explaining in a clear way the splendid benefits this city would immediately receive from the erection and operation of such a building. Not alone that, but that each member was bound to feel its good effects in their individual business and should be led to subscribe for that reason alone if for no other.

Reference was made to the recent organized national association of automotive mechanics, of which Charles M. Strawn is president. It was explained that the association was not in any sense a union, but aimed to better service to car owners by bettering the quality of men engaged in such work. The association went on record as favoring this organization and expressed the desire to assist them in every way possible.

The matter of the big patriotic celebration to be held in Jacksonville June 14, 15 and 16, at which time the United Spanish War Veterans will be encamped here and the Memorial cottages now being built at the state hospital grounds, will be dedicated by the American Legion and other veteran organizations, was brought up and it was the sentiment of the association that its members do everything in their power to make it a success.

EASTER SERVICES  
AT WHITE HALL

Specialty Prepared Programs of  
Music Were Carried Out—Other  
News Notes

White Hall, Ill., April 2.—Easter services were carried out with specialty prepared programs at the various churches Sunday. At the evening hour the Baptist church sang cantata "The Resurrection Story," which was very ably given by the choir chorus with Mrs. L. E. Ellison at the piano and Miss Emma Duncan, leader. There were twenty five voices in the chorus.

The oratorio, "The Holy City" was given by the Presbyterian and Christian church choirs, assisted by members of the Goodhouse Christian church under the able leadership of Rev. Ben C. Crow. Preceding the oratorio, the participants were banquetted in the basement of the Presbyterian church.

The Methodist church held Easter services Sunday morning. Paul Short, superintendent of the Deland, Ill., school, spent Easter with his parents, Mr. and Mrs. William Short.

Mr. and Mrs. Oliver Meyers and daughter of St. Louis, spent Easter with Mr. and Mrs. John Goodwin.

Fred Brooks left Saturday for a three weeks' visit with her son at Moberly, Mo.

Mrs. Ed. C. Pearce spent Easter with Mrs. A. Ed. Meisenbach at St. Louis. Mrs. Meisenbach was to sing on a program which was given at Hotel Chase on Saturday afternoon.

Mrs. George Goacher went to Jacksonville Sunday for a visit with her son, Harry Goacher.

A party composed of W. E. Mann, Miss Vivian Greeley, B. R. Drummond and family were Sunday guests at the new home of A. Drummond and family on North Main street. Mr. Mann is principal of the Glasgow schools from where all the visitors hail. A. Drummond recently removed here from Glasgow, and is getting nicely located. He comes from one of the original White Hall families, and feels perfectly at home, after spending forty-seven years at Glasgow. He will operate a shoe factory next fall, as soon as a crop of broom corn is available, for which provision has been made during the coming crop season.

**Hamilton-Dyer**  
The marriage of Helen Hamilton and Miss Ethel Dyer took place at Champaign Saturday afternoon, according to a brief telegram that came to the bride's parents, Mr. and Mrs. George Dyer, that evening. The intelligence, however, did not come as a surprise to the Dyer family. The groom is a son of W. E. Hamilton of Carrollton, county manager of the Illinois Bell Telephone Co., and he is a construction foreman. The bride is a former school teacher, her last school being at Modesto, Macomb county, and at the present time is instructor in public speaking at the University of Illinois. She is a tireless worker in the Christian church and has not lost sight of the interests of her home church since her life work has kept her away from home a large part of the time for several years.

**Visiting Mother**  
George Prindle of Moorehead, Minn., is spending a few days with his mother, Mrs. E. M. Prindle, and his presence occasioned a family gathering at the Prindle home on Centennial street the party including W. P. Ford and family of Peterson, Mr. and Mrs. N. E. Prindle and Mr. and Mrs. L. R. Prindle of Greenfield.

Sunday—Other Chapin News

Chapin, April 2.—Mr. and Mrs. James Rigor enjoyed a family reunion Easter Sunday having all their children home. A delicious dinner was served at noon and the afternoon spent in a social way. Those present were: Mr. and Mrs. William Andell and Children of Winchester, Mr. and Mrs. Truman Rigor and children of Merritt, Mr. and Mrs. Elmer Bonds and children, Miss Georgia Rigor, Hy Shaw and Taylor Harvey all of Beardstown, and Miss Mabel Stevens.

Mr. and Mrs. Lloyd Ross and children Warren and Wilma of Jacksonville spent Sunday with Mrs. Ada Funk.

Mr. and Mrs. Ed Markille and daughter and Richard Coultas of Winchester spent Sunday at the home of Mr. and Mrs. G. A. Alhorne.

Mr. and Mrs. B. H. Allen and son of Versailles spent Easter with Mr. and Mrs. Gustav Onken.

E. P. Brockhouse of Jacksonville was a Monday visitor here. Beautiful and impressive Easter services were held at the M. P. church Sunday morning at eleven o'clock. Special music from "Redemption's Song" by Fred B. Holton was rendered by the choir.

Organ voluntary—Tete Tete—Athenon.

Hymn—Congregation.

Solo—"Ride On in Majesty"—H. K. Onken.

Duet—"Midnight in the Garden"—Misses Amy B. Onken and Winifred Butcher.

Chorus—"Death is Swallowed up in Victory"—Choir.

Offertory—"Absent"—Metcalfe. Sermon—Rev. Mr. Lough. A special offering was taken and the sum of \$120.00 was raised for benevolences.

There were three additions to the church, and Mary Avery Onken was christened.

REFUGEES IN TURKEY  
SUFFER FROM NEGLIGENCE

CONSTANTINOPLE. — Great misery exists among the thousands of Greek refugees housed in the Turkish military barracks here. Within a period of seven days there occurred 297 deaths, living and half-living, sick, dying and dead are all mingled together without separation, without pity, they are crowded into filthy stables where they lie on the mud floor all day, shivering in their

last rags of covering. They are mostly women and children. The Turkish authorities are doing nothing to ameliorate these conditions. They simply intern the refugees and say it is not their affair. Yet the Kemalists officials on the Black Sea continue to send the wretched creatures here by the thousands, mostly by Turkish government ships. They are all dumped in the Sallia barracks. It is a profitable enterprise for the Turks, because the refugees must pay their passage. They are charged seven and a half Turkish pounds each for the trip from the Black Sea to Constantinople.

Commercial speculation and government pressure seem, therefore, to be the motives which continue the tragedy. The Turks have recently expelled the surviving Greek population of Trebizond and Erzurum, thus aggravating the situation.

When the correspondent entered the largest of the refugee barracks there were more than a dozen death-stricken prostrate figures lying near the entrance. They were the sick for whom there is no hospital room, and who were waiting, day in and day out, for a boat to take them over to the Greek hospital.

In one of the corridors 712 re-

fugees were crowded. Three of their number were dead. There was a general wailing of women when attendants carried out an improvised stretcher on which lay a dead woman and child—happier than those they left behind. So at least a priest in dingy, ragged soutane with a crumpled stole round his neck and his fingers in a book of prayer told the wailing women. All around in the huge barn hundreds huddled in their coverlets and tried to sleep warmth into themselves.

The wing of the barracks reserved for refugees contained 9,884 persons, of whom 3,942 were in the uninhabitable stables. The hospital across the water was full and the chief Greek doctor, together with some of his staff, was down with typhus.

The American Near East Relief has been carrying on the feeding of these refugees at the expense of about \$10,000 a month, and an American naval chaplain has interested the naval units in their welfare. The Near East Relief is extending its work by establishing a hospital and a clinic.

FUNERALS

Funeral services for Miss Ethel Wilmetta Quernheim were held yesterday afternoon from St. Peter's Lutheran church, northwest of Jacksonville at 1:30 o'clock in charge of the Rev. C. C. Gorton.

Music was furnished by the church choir. The flowers were cared for by Irma Bauky, Clara and Irene Myer and Libbie Osterholdt.

Burial was in the church cemetery the bearers being Oliver, Rudy and William Myer, August Hansmeier, Elmer and Arthur Niestradt.

GRAHAM

The funeral of the late James H. Graham was held at the Reynolds Chapel Monday afternoon at 2 o'clock. The services were in charge of Rev. G. E. Stickney, pastor of the Congregational church. Music for the occasion was furnished by Willard Westner, organist.

Burial was made in Jacksonville cemetery, the pall bearers being Watson Leck, Thomas H. Rapp, Andrew Leck, William Woods, D. T. Heimlich and Lon Osborne.

HARVEY'S MINSTRELS AT THE GRAND

Harvey's Greater Minstrels appeared at the Grand Opera house last night and so great was the interest that Manager Scott was compelled to display the "standing room only" sign long before the curtain was raised.

It was a high class colored minstrel show in the best manner of the words, and the huge audience manifested its pleasure with frequent applause. At one time during the evening reference was made to Jacksonville as the home of three great minstrel men, Mollory Bros. and Frank Kirk. This recognition pleased the many friends of this group, two of whom are now deceased.

MUSSOLINI URGED TO RESCUE EUROPE

VIENNA.—Fascism is coming to be regarded in Austria as a panacea for all of the ills of Central Europe, in the opinion of some observers in the Austrian capital, and its leader, Benito Mussolini, as a second Garibaldi. A letter from Count Richard Coudenhove-Kalergi, founder of the Central European Cultural society, addressed to Mussolini and published recently in a local newspaper, bears out this thought.

The count writes: "I appeal to you to save the youth of Europe. Germany and France have been at war for 1,000 years. Italy alone is qualified to end this war, to lay the foundation for the restoration of Europe."

"You love Italy, but no European nation can live and thrive if the others die. Look across the ocean. At a time when Europe, from the Rhine to Thrace, is tearing herself to pieces, an entire continent is preparing to assemble at Santiago, Chile, in a spirit of trust and hope and in the service of peace and progress."

"Proclaimed a century ago by Bolivar, the Pan-American idea has become today the keynote of the development of the world. United America is marching at its apex, while divided Europe is bleeding to death in internal warfare."

"Summon the first Pan-European conference in Rome; launch a new Europe."

"Both Great Britain and Russia have outgrown Europe and can survive her destruction, but the other peoples of Europe have the choice only between union or destruction."

"Europe is not threatened from the north. Economic dangers menace her from the west and political peril from the east. A divided Europe must fall a prey to American competition; a divided Europe will become the victim of Russian leadership. Only an economic union, a court of arbitration, and a treaty can give Europe prosperity, peace and independence."

"Save Europe from her fate. Step into the European chaos courageously, and lay the foundation stone of the United States of Europe."

The law requires that seed sold in quantities of more than a pound must bear a label showing whether it contains noxious weeds, for the purpose of insuring pure seed in this state. The laboratory makes the tests free of charge up to five samples for each person.

Reports indicate that in some sections of the state farmers are selling untanned grass and clover seed to each other. In doing so they are violating the law governing the sale of seeds, and losing the protection which the department renders, according to officials of the department.

WANT MONKS' MOUND FOR PARK

Belleville, Ill., March 24.—Agitation for the purchase of Monks' mound as a state park, has roused historians to demand a similar action for the old village of Cahokia, the oldest permanent settlement in Illinois.

Cahokia has the oldest church and the oldest brick house in the state. In the opinion of J. Nick Perrin, author of Perrin's History of Illinois, it deserves treatment as a park before the Indian mounds.

"It was at Cahokia," he said, "that the foundations of our present civilization were laid, and to my mind, the treasuring of thoughts of those early missionaries and pioneer settlers who taught rational religion and practiced sensible human conduct is preferable to the perpetuation of thoughts about sun worshippers of whom nobody has any definite historical knowledge."

ILLINOIS BLESSED WITH MANY FLOWERS

State's Variation of Climate Greatly Increases Her Number and Kinds of Flowers.

URBANA. (By A. P.)—Advent of spring with its throaty appeals, also calls to Illinois' life of the soil, a soil blessed with a great abundance and variety of flowers and foliage. The state's variation in climate greatly increases the number and kinds of flowers, the first to appear being the soft maple among the trees.

"Some of our early flowers—spring beauty, bloodroot and some of the violets—are found all over the state and have very long seasons," according to Prof. W. B. McDougall, professor of botany of the University of Illinois. "They begin blooming in the southern end of the state nearly three weeks earlier than in the northern portion."

"The flowers of the maple which open early in March are not very conspicuous and are followed later by the more brilliant red bud, wild crab, haw and other flowering trees."

"The spring flowers are very social creatures. The beautiful blue eyed lily, for instance, seldom lives alone but such huge numbers congregate together as to form a veritable carpet of blue and white in the forest. The blue eyed Marys are frequently accompanied by other flowers such as dog's tooth violet and Dutey's man's breeches but they would never think of allowing a dandelion or March marigold in their midst for plants are very particular about their associates."

"A very modest number of the early forest community is the wild ginger. It is a beautiful chocolate colored flower but it keeps it tucked down under its leaves close to the ground so that it is often overlooked by the flower lover. Other of the bolder and more brilliant woods flowers of spring are the blue Virginia cowslips, the yellow Celandine poppy, and the white robinson trillium."

"Most of these plants bloom before the leaves of the trees have been formed. After blooming they spend a few very busy weeks manufacturing food and storing it in their underground parts. They then form resting buds and settle down to wait for another spring while their places are taken by other later blooming plants."

SWEDEN WILL COPY AMERICAN HIGHWAYS

STOCKHOLM.—The complete modernization of Swedish roads, made desirable by the rapidly increasing automobile traffic, is being undertaken in earnest. The latest significant step in this movement is the establishment of a "good roads institute" on the initiative of the Royal Automobile club, which is now celebrating its twentieth anniversary.

American highways will be studied as models for Swedish construction, an American highway engineer, Paul Wretling, already in the United States for that purpose.

While the Royal Automobile club has taken the initiative in establishing the good roads institute several other organizations and government departments are interested, according to Captain A. Nordland, general secretary of the club. Thus the board of directors will have representatives from the department of roads and waterways, the government testing institute, the academy of engineering sciences, the Swedish technological association and the Swedish roads association. The first financing has been made by the Royal Automobile club, but further support is expected from the road using public in general.

HUNTER WINS FROM WHITLOCK

New York, April 2.—Altho closely pressed in every game most of them forced to duce, Francis T. Hunter of New Rochelle, N. Y., defending champion today defeated George C. Whitlock of New York, 6-1, 6-3, and advanced to the fourth round of the men's national indoor tennis tournament.

Hunter's superiority was principally in his brilliant service. The last of the five foreign entrants, Ke Oinzo, Japan, lost to Henry Passford of New York, 5-6, 6-2. The second round match was Frank T. Anderson of Columbia who lost the title last year to Hunter with Jack Linderman of Mount Vail, N. J., was again postponed because of Anderson's absence with the Columbia University Tennis team on a southern trip.

## DEATHS

### Sims.

Miss Ida May Sims passed away at her home, 323 West College street, at 1:15 o'clock Monday morning. The deceased was a daughter of Mr. and Mrs. Van Sims, was born in this city March 4, 1893, and has spent the greater part of her life here.

Years ago the deceased became a member of Grace M. E. church and was active there as long as her health permitted. For a number of years Miss Sims was practically an invalid and more than six months past has been confined to her home. Her spirit was gentle and brave and those who came into intimate contact with her could not but admire the way in which she met life's troubles. A rare patience was hers and it seemed to grow the stronger as the years of illness moved along.

Miss Sims is survived by her parents, two brothers, Byron and Louis Sims. She leaves also her grandmother, Mrs. Betty Green, and an uncle, Felix Sims.

The funeral is to be held at the home Wednesday afternoon at 3 o'clock in charge of Rev. T. H. Tull.

Hocking.

The death of Mrs. Irene Hocking occurred at Oak Lawn sanatorium early Monday morning. The remains were removed to the funeral parlors of Arthur G. Cody and will be sent to Astoria where the funeral services will be held tomorrow.

The deceased is survived by her husband, Roy Hocking, and one little daughter.

Davis.

Mrs. Hannah Davis passed away at 1:30 Sunday afternoon at the family residence, 397 Hardin avenue. The deceased was born in Ohio Nov. 13, 1838, and was a daughter of Mr. and Mrs. Henry Jones, one of a family of eight children.

In early life Mrs. Davis came with the family to Illinois, and as a young woman was married to William Couchman in Mason county. Subsequent to his death she became the wife of Henry C. Davis.

The deceased is survived by one son, C. C. Couchman of Portland, Oregon, and there are nine grandchildren and fourteen great grandchildren.

Mrs. Davis was a member of the Methodist church in Havana and a woman who lived a consistent Christian life.

The remains were taken to the Gillham Funeral Home and services will be held at three o'clock this afternoon at the home of Justin Biggs, 594 Hardin avenue. The remains will be taken to Havana Wednesday.

WINCHESTER.

Mr. and Mrs. Wesley Taylor of Virden motored here Sunday for a short visit with friends, returning home Monday afternoon.

Mrs. Earl Owings and little daughter returned Monday to their home in Canton after a visit with relatives here.

The many friends of William Wells will be glad to know that he was able to drive down town Monday. This is his second time out after an illness of several months.

A program of Easter music was given by the choir of the Christian church Sunday evening. The program was an excellent one and was enjoyed by a large audience.

Dr. Harry Montgomery, who is taking a special course in Chiropractic in Chicago, is at home for the Easter vacation.

Mrs. Jesse Evans of St. Louis is here for a visit with her parents, Mr. and Mrs. John King.

The Winchester Ad club had an enthusiastic meeting Monday night, making final arrangements for Wednesday, Golden Rule day.

The Odd Fellows gave an Easter dance in their hall Monday night, which was largely attended. Refreshments of an attractive kind were served during the evening.

## LARGE NUMBER ADDED TO LOCAL CHURCHES

More Than 200 Unite with Protestant Bodies Here During Easter Revivals—(Corymbo) Endorse General Church Picnic—Dr. Rule Is Speaker

Two hundred and twenty-eight persons united with Protestant churches in this city during the Easter revival campaign, according to announcement made Monday morning at the regular meeting of the local Ministerial Association. The Central Christian church took in the greatest number, fifty-five. Thirty joined the Grace church, and thirty-one united with the First Baptist church.

All of the ministers expressed satisfaction at the results gained, and here was a general note of optimism at the meeting. The statement was made that this was the greatest Easter of Protestant churches of America have ever experienced.

The ministers passed a resolution favoring a county picnic of the Protestant churches, to be held at Nichols park sometime this summer. A plan is on foot to merge the annual Methodist picnic into a general celebration, in which all Protestant churches of the county would participate.

"Pioneering for Christ in Minnesota" was the subject discussed by Dr. F. M. Rule, who gave the regular address before the association at the meeting yesterday. Dr. Rule gave a general summary of the activities of the various denominations in Minnesota, where he spent many years in the work of the Methodist church. About 1689 some French explorers visited the Minnesota land, leaving a record of their visit somewhere near the present site of Duluth. In 1803 the territory was included as a part of the Louisiana Purchase. But not until 1837 did settlers begin to go into the Minnesota prairies. Then in 1849 the region was incorporated as a territory, and in 1858 Minnesota became a state.

Catholics Among First.

The Catholics were among the first and most active to extend their religious work into Minnesota. St. Paul became a Catholic center, and the cathedral is located there. Foremost as a leader of Catholics in Minnesota was Archbishop John Ireland.

The Methodist work in Minnesota was begun by four young men, who founded the first Protestant educational institution in the state. This later became Hamline university. Baptists, Presbyterians and Christian church leaders have also made the state a field for pioneering. The Episcopalians have built up a strong constituency around St. Paul and Fairbault.

The Germans, Norwegians, Swedes and Danes brought their own Lutheran religion into the state, and as they settled in communities, their churches were planted at the same time.

Dr. Rule went into Minnesota in the '80's as a Methodist minister. He was assigned to preach at Pipestone, a pioneer settlement in the western part of the state. The work was hard and was in a newly settled district. All sorts of people from all over the United States were in the audiences to which he preached. College graduates, people who had been wealthy back east, and many other interesting characters were taking up the new land and settling up the prairies.

In opening his address Dr. Rule stated that he was unable to get the data which would have enabled him to prepare a real historical paper. He was for ten years secretary of the Church Federation of Minnesota and had collected much valuable material. When he left the state, he stored his library of 2,000 volumes in the basement of Hamline university. A bursting water pipe flooded the room, ruining the entire library beyond redemption.

ROOF FIRE.

Sunday the fire department made a run to the residence of A. W. Pitner, 446 South East street, where sparks had caught the roof on fire. Little damage was done. Last week the department was called to the Pitner home to quiet a smoking furnace.

## MATRIMONY

Eagle-Battley.  
Glenn L. Eagle of Concord and Miss Lela LaVerne Battley of Winchester were married at 3 o'clock Monday afternoon by the Rev. T. H. Tull at Grace church parsonage.

The groom is one of Concord's best known young business men and highly regarded in his home community.

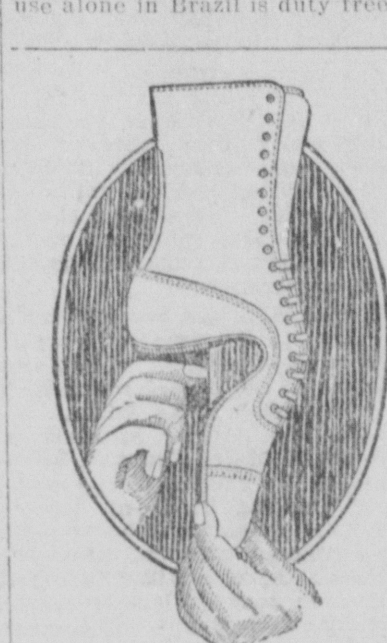

The bride is the daughter of Mr. and Mrs. Harvey Battley of Winchester and has been active in various activities in her home city. She recently completed a six months course at Brown's Business college.

They will make their home in Concord.

## IT DIDN'T HAPPEN.

The address which E. L. Corbin was reported by the Courier to have given at the high school Monday afternoon did not occur. For some reason Mr. Corbin was detained and is expected to deliver his talk to the students at some date in the near future.

## Ride on Springs Walk in Cantilevers

Primitive people rode in ox-carts—heavy, rigid, and without springs. Modern love of comfort and speed brought about the easy-foot motor car, traveling on springs so resilient and balanced that we seem almost to ride through the air—the modern "Wings of Mercury."

To a lesser degree, our feet in daily life should act like the springs of the motor car. Nature composed the human foot of resilient, flexible arches to absorb the body shocks. Nothing rigid about your foot as Nature made it.

In the words of a doctor, "The foot is a cantilever spring."

## The Flexible Arch

Does the arch of your shoe correspond with the arch of your foot in flexibility? Change to Cantilever Shoes. There is no concealed rigid metal embedded in the shank of Cantilever Shoes as in all ordinary shoes. They flex with your foot when you walk; permit the muscles to exercise and strengthen; allow free circulation; give room for all the toes. They give you complete comfort and trim appearance.

Wear the "Wings of Mercury." That means: Wear Cantilever Shoes. Sold in Jacksonville only by us.

## HOPE HAD FLED, SAYS SCHOOLEY

Was Practically Helpless from Rheumatism But Tanlac Restored Him Fully, He States

"For six years I was so crippled with rheumatism in my back, shoulders and legs I wasn't worth a cent so far as work was concerned, but since taking Tanlac, I haven't a touch of it and I'm working every day and feeling years younger," declared William Schooley, Grand View Drive, R. D. 7, East Peoria, Ill.

"This rheumatism kept me in pain all day and awake many nights. My right leg was nearly useless and I just hobbled along dragging it when I walked. I couldn't get up from a chair without help, conductors had to help me on street cars, and I just felt like I was in my own way. I had stomach trouble, felt weak, sick and run-down, and thought some time had come.

"Well, sir, the Tanlac treatment weeded the stomach trouble right out with the rheumatism and now I'm eating everything and gaining weight. Tanlac also relieved my wife's stomach trouble and we both think it's great."

Tanlac is for sale by all good druggists. Accept no substitute. Over 27-million bottles sold.

## PERSONAL WORK CAMPAIGN GOES OVER THE TOP

With the baptizing of twenty-one candidates on Easter Sunday night, the "One-A-Day Revival" for forty new members in fifty days, was completed at the First Baptist church. Ten other additions marked Easter Sunday as one of the greatest gathering days in the history of the church. Seven weeks ago, the pastor, Rev. A. P. Howells, suggested to the church that all special evangelistic meetings be abandoned this year and that a personal work campaign be put on, beginning on Feb. 11th, and closing on Easter Sunday, April 1st. The church voted to co-operate in the movement, and accordingly the various Sunday school classes and organizations were allotted the securing of five new members each.

Teams of men from the Men's Agony class were given individual men to see, with a view to securing their enlistment in full membership with the church. A fine undercurrent of revival swept through the church and additions have been continuous throughout the fifty day period. The tabulated report is as follows: Baptisms, 21; by letter, 19; by relation, 1; by restoration, 2; letters on hand, 2; letters applied for, 1; waiting baptism, 5; total, 51. The members have listed up on the prospect cards over one hundred and fifty additional "prospects," many of whom will unite with the church in the next few months.

Financially the church has saved itself considerable expense. It is said that at one time special meetings were costing the church five hundred dollars a year. A two weeks meeting last year, resulting in 33 additions, dug into the church treasury to the extent of almost two hundred dollars. This year's expense, with a larger number of additions, was four dollars and a half.

The reception of new members will continue at each Sunday service for months to come.

On next Sunday the Lord's Supper will be observed, at which time the Hand of Fellowship will be given to each new member received into full fellowship during the campaign, and a certificate of baptism will be given to each one of the twenty-one baptized.

## Grace Church Doings

Easter was a big day of unusual activities.

Grace Sunday school gains a few points in the contest with the Bloomington school as a result of the day's activities. There is only 70 points difference in the standing of the two schools and one day's report may completely change the standing of the two schools. Bloomington reported 373 on time, an attendance of 420 and 5 new scholars, while the local school had 359 on time, an attendance of 458 and 6 new scholars.

The scripture lesson was read by four young people of Mr. Lent's class. Dorothy Bernice Graham and Pauline Bray sang a duet that was enthusiastically received. Beaumont Potter played a violin number in a very creditable manner for one so young. The special Easter offering amounted to \$88.84.

The subject of the morning sermon by the pastor was "The Resurrection." At the close of the service the ordinance of Baptism was administered to quite a company of young people and adults. There were quite a good many transfers of membership. In all, there were 30 additions to the church, and there are some others to be received later that could not attend this Sunday.

The Junior League met at 4:30. The Intermediate and Senior leagues met at 6:30.

At the evening service Dr. Fletcher preached the sermon, basing his remarks upon the events that took place the day following the Resurrection. The music at both services was especially appropriate to the day and was well rendered.

The Opportunity Circle will meet Wednesday evening with Mrs. A. G. Cody, 288 Sandusky street.

The Women's Foreign Missionary society will meet Wednesday at the church at 3 o'clock. The Executive Board will meet at 2:30.

On Wednesday evening at 6:15 the regular church supper will be served by Mrs. Spire's Circle. Plates 25c. Prayer service at 7:30.

The Young Women's Fellowship Circle will hold their regular monthly meeting at the home of Elva Osborne on Mound Road Wednesday evening at 7:30.

A closing out farm sale, Tuesday, April 3, 10 miles southwest of Jacksonville, 4 miles southeast of Lynnville, consisting of horses, cows, bull, 14 brood sows, boar, 35 shoats, farm implements and household goods.

breaker at the Sunday school. There were 61 in the primary department and a collection of \$1.70. Three classes reported 100 per cent attendance. "The Booster Boys," Elizabeth Boruff's class and Kathryn Randle's class. The total attendance was 173 and the total collection \$5.56. We must raise the attendance goal now, to 200. We can do it easily if the adults will turn out as well as the children. The children's sermon was on the subject of "Seeds and Stones," and was illustrated with objects from nature. "The Meaning of Easter" was the theme of the regular sermon. At the close twelve persons presented themselves for baptism and fifteen united with the church, making a total of twenty-one accessions during the special services. The picture sermon at night on "The Resurrection and Ascension of Our Lord" presented many fine views from Tissot and formed a fitting climax to the series which was pronounced by all to be eminently successful. The regular mid-week church night program will be resumed next Wednesday evening, taking up the study of Church history. Mrs. Dickinson and Mrs. Randle will serve a luncheon at that time. The annual Easter Supper and Bazaar will be given at the church by the Ladies' Aid Society Thursday evening, April 5.

ARGENTINE CATTLE INDUSTRY DEMORALIZED

The Argentine cattle industry is in a demoralized condition as a result of over production due to high prices during the war, according to D. S. Bullock, representative of the United States department of agriculture just returned from a two years' study of the situation in Argentina.

During the war Argentine cattle raisers kept all female animals for breeding purposes, and a tremendous over supply for which there is practically no market has developed. Five and six year old cows in January were selling for less than \$10 a head, Mr. Bullock said.

A warning is also sounded to

American breeders that there is now no market in Argentina for pure bred live stock other than for dairy cattle and hog breeding operations in Argentina are at a standstill. Hog prices have dropped about 30 per cent since the war.

The present depression has been gradually becoming more and more acute during the past two years, following seven years of high prices and unprecedented prosperity," Mr. Bullock says.

"Late in 1920 cattle prices began to fall rapidly and by July, 1921, chilled beef steers, which had sold during the boom for the equivalent of \$100 to \$125 per head brought less than \$50. In January this year the quotation was \$38 or approximately \$3 per 100 pounds, live weight.

"Since cattle raising is the most

important industry in Argentina the cattle crisis has become a political issue and bills are now before the Argentine congress to regulate more closely the packing houses and auction markets to prevent combinations in restraint of trade, and finally to establish a government owned packing house."

**FARMERS AND SPORTSMEN IN ORGANIZATION**

Springfield, Ill., April 2.—A novel organization combining in one group the farmers and sportsmen of the state of Illinois, for purposes of mutual protection, is being formed under the name of the Illinois Game Protective association, with state headquarters in this city.

The plan contemplates a local branch in every county, to be officered and operated by local farmers and sportsmen. To each local organization will be assigned the duty and responsibility of seeing that the farmers of that county are protected in their rights, that all game laws are respected and that all offenders are properly punished.

"Not even the farmers, themselves, know any better than the sportsmen, the great impositions they have been subjected to," said C. F. Mansfield, Jr., secretary of the association who qualifies in both classes. "In some communities the nuisance has become so intolerable the farmers have found it necessary to form their own organizations for mutual protection for themselves, their stock and other property. We believe it is now up to the responsible and law abiding sportsmen to work with the farmer to give him this protection and to make certain that every offender is adequately punished."

"When every farmer in Illinois knows that no hunter will set foot on his land if it is 'posted' or without his permission, that every person who kills a game bird or animal out of season or in excess of the legal limit will be severely dealt with, and that a determined and vigilant state wide organization is on the job so see that his personal rights and property are not encroached upon, then will the full purpose of this organization be accomplished."

"Every farmer and every farmer's son, every nature lover, every believer in the protection and propagation of game and a rigid enforcement of all game laws will find none but kindred spirits in the membership of the Illinois Protective association."

## NEW PRICE RECORDS IN WHEAT PRICES

CHICAGO, April 2.—Influenced almost altogether by changes in weather conditions, the wheat market today scored new high price records for the season, and then underwent a sudden decline. The close was weak, 1/2c to 3/4c net lower, with May \$1.20 1/2@1.20 3/4 and July \$1.17@1.17 1/2.

Corn finished 1/2 to 1c down, oats off 1/2c to 3/4c and provisions 1/2c to 3/4c advance. With general buying due chiefly to reports of high winds and dust storms, and of alternate freezing and thawing, the wheat market had an upward tendency the greater part of the time until the last hour of trading. Both the new crop months, July and September, reached the highest prices yet attained this season. Then however, profit-taking sales became the rule, especially as rain was falling in parts of Kansas and Oklahoma and there was production of rain or snow over the greater portion of the whole of the winter crop belt.

The late bearish reaction in the wheat market took place in the face of an estimate from a leading authority that the domestic winter wheat yield 1923 would total only 560,000,000 bushels as against 559,000,000 bushels harvested last year.

A decrease of 759,000 bushels in the United States visible supply today failed also to sustain prices after the weather outlook had altered, and was evidently in favor of the bear side of the market.

Threatened heavy deliveries here on May contracts weakened prices of corn and oats. Cash demand in the west was good, but was slow here. Provisions rose in line with hog values and as a result of big exports.

## DEMAND IN BUTTER MARKET IS ACTIVE

CHICAGO, April 2.—Demand in the butter market today was active enough to clean up the light receipts of today and as a result the market remained firm. Most strength was displayed by the undergrade market with premiums not uncommon top scores were firm but advances were harder to obtain. The car market was cleaned up and firm with price tendencies higher.

California boxes sold 49 1/2¢. Fresh butter: 92 score 50 1/2; 91 score 50; 90 score 49 1/2; 89 score 49; 88 score 48 1/2; 87 score 48.

Centralized carlots: 90 score 49 1/2; 89 score 49.

## WHEAT CASH MARKET CLOSES BETTER MONDAY

CHICAGO, April 2.—Wheat in the cash market closed 1/2c better in price today with premiums and discounts unchanged. Shipping sales were 12,000 bushels including 5,000 bushels to exporters. Sales of 50,000 bushels were made to go to store here.

The seaboard says some export sales to Italy were made. Corn closed at 1/2¢ lower with trading basis unchanged to 1/2¢ lower. Shipping sales here were 100,000 bushels including 25,000 bushels to exporters.

Oats closed 1/2¢ lower in price with the trading basis steady. Cash sales here were 65,000 bushels.

Cars inspected: Wheat 77; corn 250; oats 110.

## DANCING AND DRAMA MENACE TO COLLEGE

WHEATON, Ill.—(By A. P.)—Dancing and dramatics are "dangerous tendencies" of the modern college deplored by President Charles A. Blanchard of Wheaton college, who for more than forty years has succeeded in keeping the "tendencies" out of his college.

Dancing and dramatics, he said, would be fought out in due time "as the slavery and the saloon issues have been." In reviewing the development of Illinois colleges during his fifty years as president and teacher at Wheaton he said:

"Certain dangerous tendencies reveal themselves in our time. Dancing and dramatics have a place in our educational system which causes all thoughtful people to be alarmed. Judges, sheriffs and jailers know perfectly well that the moral tendency of dancing and dramatics is the continual effort to make those two kinds of amusements safe suggests the system of one who would try to sweeten a city by emptying a bottle of cologne into it.

"These issues are not yet fought out as the slavery issue and the saloon issue have been. In due time they will be dealt with by the conscience and intellect of the Christian people of our land. The secret societies which were taking possession of our secondary education, coming down from societies in the colleges and universities, have already been definitely decided upon by the educational authorities of our state.

"These demoralizing influences will hereafter be dealt with in the same fashion and we may reasonably hope to find the universities, colleges and public schools of our state mighty forces for social development as well as for the intellectual stimulus which they now furnish."

## LOCAL YOUNG PEOPLE WED IN SPRINGFIELD

Miss Dorothy L. McDewitt became Bride of Russell L. Trotter Saturday in Springfield.

The marriage of Russell L. Trotter and Miss Dorothy L. McDewitt, both of this city, took place at noon Saturday, March 31, at the Parsonage of Krumler Methodist church in Springfield, Rev. Wilbert F. Dowson, pastor of the church, officiating.

They were attended by Miss Margaret Trotter, Harold McDewitt and Mr. and Mrs. T. J. Kinnett.

The bride is the daughter of Mr. and Mrs. J. H. McDewitt, of South Jacksonville. She graduated from the Franklin high school and attended Illinois Woman's college. She is at present teaching at the Kinman school.

The groom is a well known young farmer and is the son of Mr. and Mrs. L. B. Trotter, northeast of Jacksonville.

He and his bride will later make their home in that community.
